## EXPERIENCE

### **Tastea, San Jose, CA — Supervisor**

May 2020 - September 2021

Led a hands-on training program for new team members, emphasizing quick and accurate memorization of recipes and effective customer order management. This approach greatly improved our team's ability to provide prompt and accurate service.

### **Pure Water, San Jose, CA — Cashier**

June 2020 - September 2023

Conducted transactions for sales, sharpening my cash handling and foreign language skills.

### **Din Tai Fung, Santa Clara, CA — Server**

June 2022 - September 2023

Served customers with an exceptional level of service. This experience significantly motivated me to prioritize excellence in whatever I do and take pride in my attention to detail.

### **CompTechS, Cupertino, CA — Volunteer**

October 2021 - September 2023

- Volunteer for an on-campus organization specializing in refurbishing computers donated by large tech companies (Apple, Google, Intel) surrounding De Anza College.
- These refurbished computers are later donated to local elementary schools or libraries for use by the community.

### **Adobe, Remote — Intern**

June 2022 - September 2022

- Observed and learned fundamentals of using programming languages for the back-end of Adobe software such as Photoshop and Lightroom.
- Created an add-on extension for current employees' Slack using Python.
- From my experience here, I gained a lot of advice and insight on

## SKILLS

C++

Leadership

Organization

Critical Thinking

Java

Time-Management

Python

## Courses

Math 22 - Discrete Mathematics for Computer Science

## LANGUAGES

English, Vietnamese, Spanish

good programming practices from senior developers.

## EDUCATION

### **Evergreen Valley High, San Jose, CA — *High school***

August 2017 - June 2021

3.6 GPA

Co-founder of the Cougar Esports Club and part of a school-recognized Leadership Committee

### **De Anza College, Cupertino, CA — *Transfer 2023***

September 2021 - July 2023

3.8 GPA. Transferred to University of California, Irvine, to complete my bachelor's degree in Software Engineering.

### **University of California Irvine, Irvine, CA — Bachelor's Degree**

September 2023 - July 2025

Majoring in Software Engineering with a 3.2 GPA

## PROJECTS

### **Vending Machine — *C++ Project***

Created a working vending machine interface that allows users to purchase snacks and keep track of items, the price, and the amount in stock.

### **Social media application — *Java Project***

Created a basic working social media application that allows users to create an account and add people as friends, remove friends, and change certain details about their own profile. The user interface is currently just a simple Java console interface that takes input from the user's keyboard; however, I plan to take the project to the next level by experimenting with IOS development.

### **Website — *HTML Project***

Revamped the outdated website for Lambda Theta Delta, a UCI fraternity dedicated to fostering academic excellence among Asian students.
